

# Vote Kelvin Clayton and Rob Casey for Bridport

“We need County Councillors who will fight for local services, protect our environment, challenge unfair decisions and stand up for residents”

Please elect Kelvin so he can continue fighting hard for the services and facilities you deserve

In the LOCAL election on Thursday 4<sup>th</sup> May  
**Vote Green for a change!**

We have a track record of getting things done in our community and we can do more if elected to County Council:

- ★ **Campaigning against cuts to our essential local services**, particularly health services
- ★ Introduction of the **living wage** whilst helping to develop a **healthy local economy**
- ★ Gaining agreement from the Town Council to **trial the pedestrianisation** of part of South Street
- ★ **Visiting residents** to listen to their concerns and to share **ideas for change**
- ★ Improving our **democracy** by giving more **opportunities for residents to 'have their say'**

**Green votes in Bridport have doubled in recent years**

Greens are a **realistic fresh alternative** to the other parties

# Vote for Kelvin Clayton if you want a fresh Green voice on the County Council who....

## ...is fighting for local services

Kelvin is a very active Bridport Town Councillor and has **campaigning hard against cuts** to our community services. He has been **deeply involved in saving our Youth Centre from closure** and is a Trustee of the Bridport Youth & Community Centre which took over the running of the building when it was threatened with closure. Kelvin is **determined to make a difference**, *"I will campaign for a fair slice of central government funding for Dorset's services and I will work hard to keep the council efficient and effective."*

## ...is committed to protecting the environment

Kelvin believes Dorset County Council needs to **take environmental issues more seriously**, e.g. more investment in renewable energy, a county-wide ban on fracking and better public transport to reduce car dependence and pollution. Kelvin wants **climate change put firmly on DCC's agenda**, *"Most people agree that climate change is happening and is a very real threat to our future, but for our government and local authorities it's 'business as usual'. They act as if nothing is happening. This has got to change and change soon!"*

## ... is community-minded

Kelvin worked **for over 17 years as a firefighter** before going to university and training to become a **careers adviser**. He has wide experience of working with young people. He also **volunteers at Bridport Job Club** helping support local unemployed people. More from Kelvin at: [www.greenthoughts.me](http://www.greenthoughts.me)

**Campaigner: Kelvin at the Bridport Save Our NHS protest**

### Kelvin's top-five priorities

- Opportunities for young people, **training** and **apprenticeships**
- Housing which local people can **actually** afford
- Development and support for **local business** and enterprise
- DCC commitment to an integrated **public transport** system
- Keep **listening** to residents!

## Two chances to elect a Green County Councillor – Vote for Rob Casey

**Positive green future: Rob believes people and the planet come first**

Rob is a Parish Councillor in Bradpole, supporting both the long-term interests and the pressing concerns of local residents. He works in education and is married with a young family. **Rob believes there is a different way of doing things**. A way that puts communities first, that puts people and their environment first.

He strongly believes public **money should be spent where it is most needed**, not just for those who are able to apply most influence. He is committed to giving a voice to everyone and **determined to build a greener future for all**.

Rob says *"I am delighted to represent the Green Party, providing a **genuine alternative to Conservative rule in Dorset**. Bridport deserves more. I believe that my fellow candidate, Kelvin Clayton and myself can deliver an **active voice for the people** of this beautiful area."*
